Mastering Audio: The Art and the Science / Edition 3 by ...

For a similar price as a "mixing and mastering engineer" who tries to fix your music from his/her bedroom studio, I will do the same for real in a pro mastering studio. I work with any genre. In my view, a big part of my job is to imagine what the potential listener of this track will look for the most in the music.

Mastering audio with the art and sound in focus ...

Mastering is an Art, not a Science. Mastering is the essential process of taking your audio mixes and bringing them to distribution quality. Becoming a professional mastering engineer is a specialised process that takes years of experience.
