All the Governments / Departments every year prepare and update rates of normally used building items / Materials / works item. Number of such items may range from 500 to 1000. This is called Schedule of Rates. This will curtail the discretionary power of officers and will act as a check on their powers.

What Does Schedule of Rates (SOR) Means?

A schedule of rates is a list in a contract setting out the staff, labour and plant hire rates etc that a contractor will use for pricing cost reimbursable work. It does not contain any quantities for the specific work items and is typically used when the nature of work required is known but it cannot be quantified, or if continuity of programme cannot be determined.

The National Schedule of Rates | NSR Management

The latest BCIS review of construction costs shows that costs have generally risen between 1.8% to 3.8% over the last 12 months. However, the picture is not the same across all trades. For example, the costs of brickwork and blockwork and painting and decoration increased by around 5% in the same period. This underlines the importance of using the most up-to-date datasets to ensure that your ...
