### Public and Urban Policy PhD | The New School in New York ...

Another early explanation identified urban policy as an expression of the rise of a new political class: new professionals in government and academia seeking to stake their own position as an alternative policy elite, based around the rise of the social sciences and what has come to be called evidence based policymaking, rather than the traditional culture of the civil service or public bureaucracy (Marris & Rein 1972). This interpretation, too, has its attractions, since it fits well with ...
