William James: In the Maelstrom of American Modernism by ...

For his biography, William James: In the Maelstrom of American Modernism, American historian and biographer Robert D. Richardson was awarded Columbia University's Bancroft Prize for distinguished works of American History. The book argues that despite the tendency of some modern academics to view nineteenth-century American philosopher and psychologist William James as an old-fashioned holdover from the Victorian Era, the philosopher's work was, in fact, an early harbinger of the modernist ...
